QUALITY ASSURED FIRM ISO 9001 CQC

SYSTEM CERTIFICATION ISO 9001:2000 SGS

Overview

Seconn International Enterprise Co., Ltd is a Taiwan based manufactory and specialized to produce customized cable assembly, Wire Harness and connectors. Our manufactory approved the ISO-9001 quality guarantee system management authentication. Our products completely comply with the European RoHS Directive 2011/65/EU and SGS certification. Seconn sincerely desire to be a “Green Partner” with our clients which protect our ecological environment together.

We have over 30 years experience and concentrate on providing high quality products, the most competitive price, fast delivery date and best service to our clients. We can support small quantity orders to our customers and we are your best OEM partner . We ensure our products are reliability and durability because of our professional technology and experience.

Client’s needs are our priority, and we grade customer’s approval and satisfaction as our biggest achievement. Our goal is to become the most reliable supplier to our customers. Seconn will bear in mind the concept of “Professional, Efficiency, Quality and Service” and diligently makes great strides forward with customers in the near future.

………etc.

Manufactory Acreage:
6000 square meters 10 production lines.

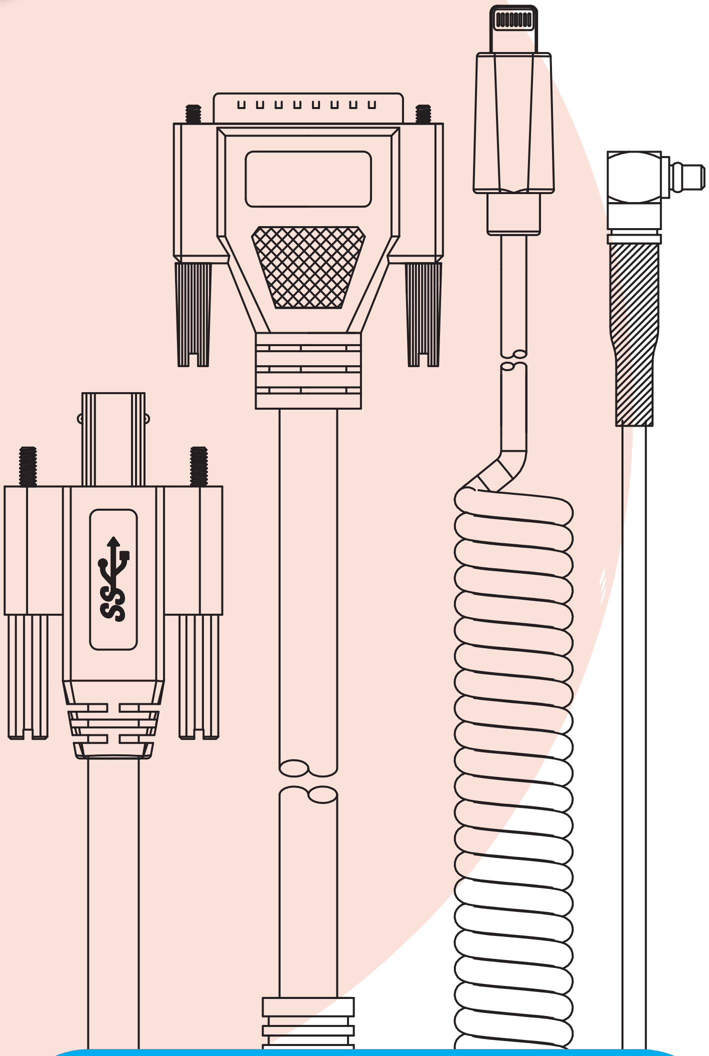
Employee:	200 employees
1. R&D and Engineers	15
2. Quality Inspectors	20
3. Workers	165

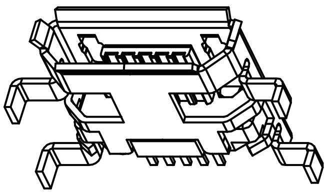
Sale Country:
USA, CANADA, JAPAN, EUROPE,
AUSTRALIA, ASIA AND
AMERICAN ......,etc.

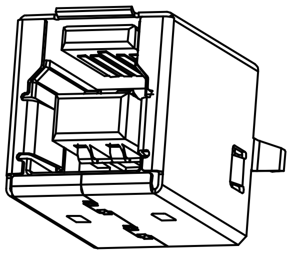
Main Product

Cable Assemby:

Sensor Cable
Automation Cable
Waterproof Cable
USB 2.0/3.0/3.1C Type Cable
IEEE1394A/1394B Cable
VGA Cable
DVI Cable
SCSI Cable
Special Video/Audio Cable
RF Cable
LAN Cable
Wire Harness
LFH Cable
Industrial Cable
Display Port Cable
AC/DC Power Cable & Wire...etc.







Connector:

USB Connector
IEEE1394 Connector
Jack Connector
Terminal/Housing
FPC/FFC Connector
Memory Card Connector
D-SUB Connector
IDC Connector
RF connector
Waterproof Connector
Pin/Female/Box Headers & ...etc.

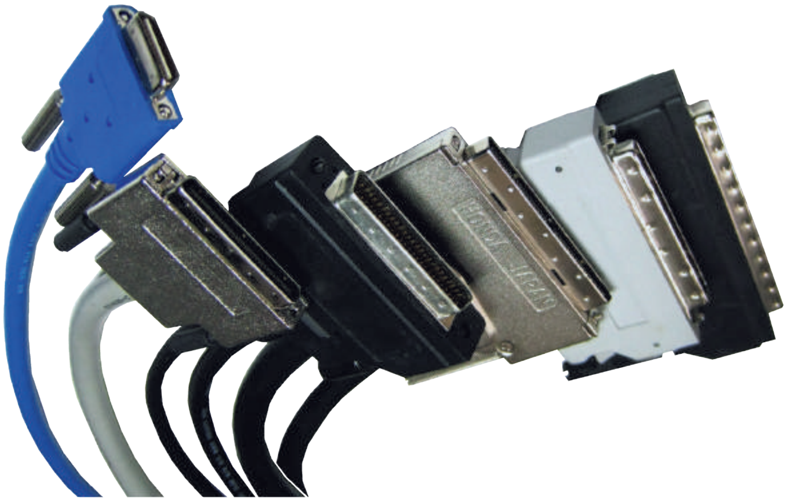
SCSI Cable



20P/26P/50P/68P/100P Latch/Screw Molding/ Metal/Plastic Assembly Series Type

SCSI cable is the standard for small computer system interface and mainly use for high-speed bus connections between small computers and intelligent peripherals such as printers, hard disks and CD ROM drives. It transmits high speed and mission-critical data integrity associated with SCSI applications.

VHDCI (Very High Density Cable Interconnect) 0.80mm (.031") pitch connector system is a leader among the next generation of high-density I/O interconnects. These connectors are designed for high performance memory transfer applications to support the latest SCSI style interfaces.

USB Cable

Straight / Angle Screw Type

The Universal Serial Bus was developed to integrate a variety of existing PC I/O ports into a single interface with hot-plugging, automatic configuration capabilities and increased bandwidth to enhance serial I/O throughput for a wide range of peripherals like printers, scanners, digital cameras, smart phone and other human interface devices. Now the latest version is USB 3.1 C Type, the transmission rate (Normal signaling data) up to 10Gbps.

LFH Cable

LFH Cable Series

The Low Force Helix (LFH) contact was designed for high-pin count signal applications where there is a need for reliability and performance. Designed for both of cable-to-board and board-to-board applications, the system's low insertion forces make it ideal for situations where multiple single lines need to be terminated or packaged in a limited space.
The patented "helix" plug pin interfaces with a split-beam receptacle contact giving a low insertion force with 2-point contact reliability.
Circuit sizes range from 60 to 200 circuits in the Matrix 50 system and 96 and 130 circuits in the Matrix 75 system. Both systems feature I/O shielding and support vertical and right angle board mounting.

- LFH 160 P M to LFH 160 P M

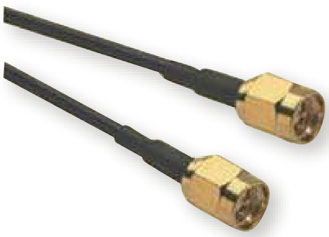
RF Cable

Seconn's coaxial product line includes numerous coaxial cable assemblies, available in all the most popular 50 and 75 Ohm RG style cables, such as RG174, RG188, RG316, RG58, RG223, RG142, RG59, RG6, RG187 and RG179. Coaxial interfaces include BNC, SMA, TNC, Type F, RCA, SMB, and MCX and others. In addition, we carry the connectors, bulk cable and tools allowing clients to build own coaxial cable assemblies.

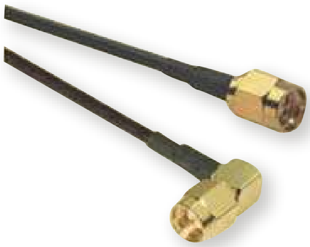
- RG142B-U BNC Plug



- RG174-U 50ohm SMA-SMA

- RG187A-U F Plug

- RG188A-U SMA Plug Straight to R/A



- RG174-U SMA Straight to R/A Plug

Display Port Cable

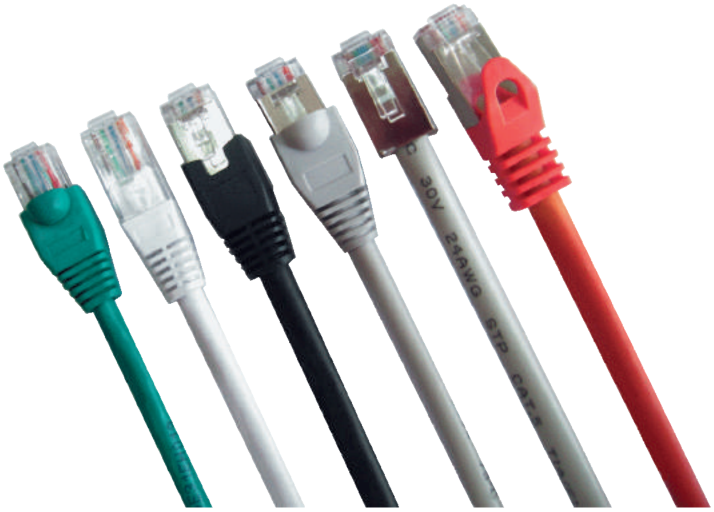
- Display Port Cable Series

- DP M to DP M Molding

- Mini Display Port to DVI Cable

- DP M to DP F Adapter

Lan Cable



Seconn produce high quality LAN Cables , such as CAT5, CAT5E, CAT6, CAT6A, CAT6E, CAT7.
Specs Include : 24AWG~26AWG, Solid Copper/ Stranded Copper, UTP / FTP / S-FTP / SSTP, the color and length depend on clients request.

- CAT5 UTP FLAT Cable

- CAT 6 Cable

- CAT 7 SSTP 8P8C Cable

- RJ45 CAT6 SSTP M to M with Screw

- CAT5E STP 10P8C Cable

- CAT 5E STP with Housing Cable

- RJ45 Shielded Panel F 8P8C to M

- RJ45 8P8C M to F with Screw SSTP CAT6

AV Cable

Seconn have produce a wide range of audio and video cable, including VGA cable、DVI cable、P&D cable、Display port cable… etc. We have the special A/V testing machines which can be insure our cable meet the high quality request.

- 3RCA Straight to R/A Cable

- 3.5mm Stereo to 2RCA
